

**AMENDMENTS TO THE CLAIMS**

This listing of claims will replace all prior versions and listings of claims in the application:

Claims 1-9 (Cancelled).

10. (Currently Amended) A refrigerating machine oil composition<sub>1</sub> comprising:  
~~a predetermined base oil~~ an ester of a diol or a polyol having 3-20 hydroxyl  
groups with a fatty acid having 6-20 carbon atoms as a base oil[[,]]; and  
at least one ester additive selected from monoesters of a monobasic fatty acid  
having 12 or more carbon atoms and a monohydric alcohol having 1-24 carbon atoms,  
~~and esters of a chain-like dibasic acid and a monohydric alcohols; and~~  
at least one selected from phosphorus additives and epoxy compounds.

11. (Previously Presented) The refrigerating machine oil composition according to claim 10, wherein the content of said ester additive is 0.01-10 mass % based on the total amount of the composition.

12. (Previously Presented) The refrigerating machine oil composition according to claim 10, wherein said base oil comprises at least one kind selected from esters of a polyhydric alcohol and a monobasic fatty acid, and esters of an alicyclic dibasic acid and a monohydric alcohol.

13. (Currently Amended) A refrigerating machine oil composition<sub>1</sub> comprising:

a predetermined base oil, and  
at least one oxygen-containing compound selected from the group consisting of  
the following (A1)-(A6):

(A1) Alkylene oxide adduct of a polyhydric alcohol having 3-6 hydroxyl groups,

~~(A2) Polyalkylene glycol~~

(A3) Trihydric alcohol having 3-20 carbon atoms apart from (A1),

(A4) Dihydric alcohol having 2-20 carbon atoms apart from ~~(A2)~~ polyalkylene glycol,

(A5) Hydrocarbyl ether of (A1)-(A4), and

(A6) Hydrocarbyl ester of (A1)-(A4).

14. (Previously Presented) The refrigerating machine oil composition according to claim 13, further comprising a phosphorus additive.

15. (Previously Presented) The refrigerating machine oil composition according to claim 13, further comprising a phosphorothionate and a phosphorus additive apart from said phosphorothionate.

16. (Currently Amended) A refrigerating machine oil composition, comprising:  
a predetermined base oil, and  
at least one oxygen-containing compound selected from the group consisting of  
the following (A1), (A2), (A4), (A7) and (A8):

(A1) Alkylene oxide adduct of a polyhydric alcohol having 3-6 hydroxyl groups,

~~(A2) Polyalkylene glycol~~

(A4) Dihydric alcohol having 2-20 carbon atoms apart from ~~(A2)~~ polyalkylene glycol,

(A7) Hydrocarbyl ether of (A1), ~~(A2)~~ or (A4), and

(A8) Hydrocarbyl ester of (A1), ~~(A2)~~ or (A4).

17. (Previously Presented)      The refrigerating machine oil composition according to claim 16, further comprising a phosphorus additive.

18. (Previously Presented)      The refrigerating machine oil composition according to claim 16, further comprising a phosphorothionate and a phosphorus additive apart from said phosphorothionate.
